

CURRICULUM VITAE Joy Jia Geng

Contact information

UC Davis Center for Mind and Brain, 267 Cousteau Pl., Davis, CA 95618
jgeng@ucdavis.edu
web: genglab.ucdavis.edu

Education

- 2003 Ph.D., Department of Psychology, Carnegie Mellon University and the Center for the Neural Basis of Cognition. Supervisor: Dr. Marlene Behrmann.
1997 B.A., magna cum laude, Department of Psychology, Cornell University. Thesis supervisor: Dr. Michael Spivey.

Professional Positions

- 2020- Professor, Department of Psychology and Center for Mind and Brain, University of California Davis, Davis CA.
2013-20 Associate Professor, Department of Psychology and Center for Mind and Brain, University of California Davis, Davis CA.
2008-13 Assistant Professor, Department of Psychology and Center for Mind and Brain, University of California Davis, Davis CA.
2007-08 Postdoctoral Researcher, Center for Mind and Brain, University of California Davis, Davis, CA.
2003-06 Postdoctoral Fellow, Institute of Cognitive Neuroscience, University College London, London, UK.
1997-03 Graduate student, Department of Psychology and CNBC, Carnegie Mellon University, Pittsburgh, PA.
1995-97 Research Assistant, Department of Psychology, Cornell University, Ithaca NY

Professional Service

- 2021 Associate Editor, Attention Perception & Psychophysics
2020 Guest editor, eLife
2020 Consulting editor, Psychonomic Bulletin and Review
2015-21 Ad hoc member, NIH study sections
2019- Consulting editor, JEP: HPP
2018 Guest editor, special issue in Current Opinion in Psychology
2013-18 National Science Foundation, panel member
2011-15 Associate Editor: PLoS ONE
2013 Guest Associate Editor: Frontiers in Human Neuroscience.

Memberships

Vision Sciences Society, Society for Neuroscience, Psychonomic Society, Association for Psychological Science

Honors and Awards

- 2020 Fellow, Association for Psychological Society
2018 Fellow, Psychonomic Society
2013 Social Sciences Dean's Innovation Award
2010 Hellman Fellow
2003-06 Royal Society International Postdoctoral Fellowship
2002 APA Science Directorate Dissertation Research Award
2001-03 NSF IGERT training grant, Center for the Neural Basis of Cognition
1998-01 National Defense Science and Engineering Graduate Fellowship
2001 Phi Kappa Phi, Carnegie Mellon University
1997 Phi Beta Kappa, Cornell University

1996 Psi Chi, Cornell University

Current Research Support

- James S. McDonnell Foundation (PI: Geng) 09/01/2020 - 08/31/2024
Center for Mind and Brain
Leveraging virtual reality to unlock interactions between visual attention and memory in children and adults.
- 1 R01 MH113855-01 (PI: Geng) 04/01/2018 – 03/31/2023
NIMH/NIH
Quantifying the Attentional Template
- 1R61/33 MH110043 (PI: Schweitzer, role co-I) 02/01/2017 – 01/31/2022
NIH
Virtual Reality Attention Management Program for Improving Attention in Children
- R01 MH076226 (PI: Luck, role: co-I) 02/04/2015 - 11/30/2020
NEI/NIH
Active Maintenance and Cognitive Operations in Visual Working Memory

Published Articles in Peer Reviewed Journals

1. Geng, J.J. and Duarte, S.E. (in press). Unresolved issues in distractor suppression: Proactive and reactive mechanisms, implicit learning, and naturalistic distraction. *Visual Cognition*. Commentary in response to [Luck, Gaspelin, Folk, Remington, & Theeuwes](#).
2. Xu, X, Hanks, T.D., and Geng, J.J. (in press). Attentional guidance and match decisions rely on different template information during visual search. *Psychological Science*.
3. Won, B-Y, Venkatesh, A., Witkowski, P.P., Banh, T., Geng, J.J. (in press). Memory precision for salient distractors decreases with learned suppression. *Psychonomic Bulletin & Review*.
4. Won, B.-Y., Forloines, M., Zhou, Z., & Geng, J. J. (2020). Changes in visual cortical processing attenuate singleton distraction during visual search. *Cortex*, 132:309-321. doi: 10.1016/j.cortex.2020.08.025
5. Won, B., and Geng, J.J. (2020). Passive exposure attenuates distraction during visual search. *Journal of Experimental Psychology: General*, 149(1):1987-1995, doi: 10.1037/xge0000760.

53. Spivey, M.J., Richardson, D.C., and Geng, J J. (2000). On the relationship between external space and mental space: Eye movements to objects and events that are no longer there. *Attention & Performance XIX*, Munich, Germany.

Invited Talks

- 2020 Attention & Perception talk series, University of Illinois
- 2020 Neuroscience Graduate Program Seminar Series, Brown University
- 2019 Rovereto Attention Symposium, Rovereto, Italy
- 2019 International Neuropsychological Symposium, Salerno, Italy
- 2018 Visual Search and Selective Attention, Munich, Germany
- 2017 George Washington University, Department of Psychology
- 2016 UC Davis, Neuroscience Retreat, Tahoe City, CA
- 2016 KAVLI summer institute, Santa Barbara, CA
- 2015 University of California Berkeley, Department of Ophthalmology
- 2014 San Francisco State University, Psychology Department Colloquium.
- 2014 Center for the Neural Basis of Cognition, Carnegie Mellon University.
- 2014 International Society for Behavioral Neuroscience, Amsterdam, NL.
- 2013 UC Davis, Center for Visual Sciences Symposium
- 2013 University of Birmingham, School of Psychology, UK
- 2013 Stanford University, Laboratory of Behavioral and Cognitive Neurology
- 2012 University of California Berkley, CBB colloquium
- 2012 Peking University, Department of Psychology
- 2011 University of California Santa Cruz, Department of Psychology
- 2005 Laboratoire de Psychologie Cognitive (UMR-CNRS 6146), Université de Provence, Marseille, France
- 2003 Institute of Cognitive Neuroscience, University College London, UK.
